

4-21-20

Dear Directors
Do you listen?

Lots of times when you are told you should look for an assisted living place, you don't know where to go. I am writing to tell you about the place I live in - Eagle Crest!!!

Eagle Crest is always clean. The people who work here know everybody's name, and address as such. All who work here are very friendly. All who live here are very friendly. I think they learned this from the people who work here. The cooks are wonderful and the food is always delicious. We get two meals a week, with our monthly payment.

Just recently, the people who work here brought around trays of treats - for all residents. Good candy, popcorn, potato chips, peanuts. The persons who delivered these were not the regulars, but the "higher-ups".

I want you to know how happy I am to be living at your establishment. I am 91 years old.

Sincerely
Jeanne Weyandt #309.
