Movie Summaries

The Golden Age of Comedy: A compilation of scenes featuring some of the best-known comics from the silent era in their best films.

Wonder Woman 1984: Diana must contend with a work colleague and businessman, whose desire for extreme wealth sends the world down a path of destruction, after an ancient artifact that grants wishes goes missing.

Wings: Two young men, one rich, one middle class, who are in love with the same woman, become fighter pilots in World War I.

Moonstruck: Loretta Castorini, a bookkeeper from Brooklyn, New York, finds herself in a difficult situation when she falls for the brother of the man she has agreed to marry.

Twins: A physically perfect but innocent man goes in search of his long-lost twin brother, who is short, a womanizer, and small-time crook.

Made In Italy: A bohemian artist travels from London to Italy with his estranged son to sell the house he inherited from his late wife.

My Big Fat Greek Wedding: A young Greek woman falls in love with a non-Greek and struggles to get her family to accept him while she comes to terms with her heritage and cultural identity.

Waiting For The Barbarians: At an isolated frontier outpost, a colonial magistrate suffers a crisis of conscience when an army colonel arrives looking to interrogate the locals about an impending uprising, using cruel tactics that horrify the magistrate.

Playing with Fire: A crew of rugged firefighters meet their match when attempting to rescue three rambunctious kids.

News of the World: A Civil War veteran agrees to deliver a girl, taken by the Kiowa people years ago, to her aunt and uncle, against her will. They travel hundreds of miles and face grave dangers as they search for a place that either can call home.

The Reason: When a mysterious man appears in a small town, unexplained miracles start to occur, changing the lives of everyone he meets. There's a mother whose five-year-old boy has leukemia, two doctors - one an atheist haunted by his past, the other a brilliant young oncologist who places all her hope in the power of modern medicine - and a blind pastor whose son hasn't spoken a single word in 38 years. All of them will be brought together by the presence of this stranger, who teaches them the true meaning of faith and hope.

Acasa, My Home: In the wilderness of the Bucharest Delta, nine children and their parents lived in perfect harmony with nature for 20 years until they are chased out and forced to adapt to life in the big city.

Soul: After landing the gig of a lifetime, a New York jazz pianist suddenly finds himself trapped in a strange land between Earth and the afterlife.

Dreamland: A teenager's adventures as a bounty hunter take an unexpected twist.

Defending Your Life: In an afterlife way station resembling a major city, the lives of the recently-deceased are examined in a court-like setting.

The Grand Budapest Hotel: A writer encounters the owner of an aging high-class hotel, who tells him of his early years serving as a lobby boy in the hotel's glorious years under an exceptional concierge.

Son of the South: In this poignant true story set in Montgomery, Alabama, a Klansman's grandson must choose which side of history to be on during the Civil Rights Movement. Defying his family and white Southern norms, he fought against social injustice, repression and violence to change the world around him. SON OF THE SOUTH is from executive producer Spike Lee and based on Bob Zellner's autobiography, "The Wrong Side of Murder Creek."
