We all watch as things change around us. Change seems like the new status quo and we wonder whether anything can last very long without change.

Join us at Maranatha to find out what has changed for 2019 in the field of estate planning.

David Fitch, Attorney at Elder Law Services, PLLC, will help us take a closer look at best practices for powers of attorney, health care directives and wills/trusts, including plenty of time for your questions.
