Care Options

Long Term Care

Recognizing the connection between mind, body and spirit, this community provides so much more than round-the-clock health care. Therapeutic recreation, exercise, music and spiritual activities are all an integral part of life here. Our specially trained on-site care team is here to meet your physical and/or cognitive needs, supported by the expertise of visiting professionals and the cheer and inspiration of devoted volunteers. Family involvement is welcomed and strongly encouraged.

Short Stay Recovery

For those who are in transition from home or hospital, this is the place to heal and recover. Benefit from the experience of our clinical team within pleasant surroundings, while receiving services designed to relieve the stress of recovery and restore you to your full potential.

Matching Care Settings to Your Needs

Within this community, there may be designated areas for specialty care, such as intensive care needs and dementia care. If your needs change during your stay, you may be relocated to the area that is better designed to meet your needs. For example, if your condition improves, you may be moved to an area that serves those with less need for skilled nursing services.
